Usability

I found the system unnecessarily complex.

 Copy

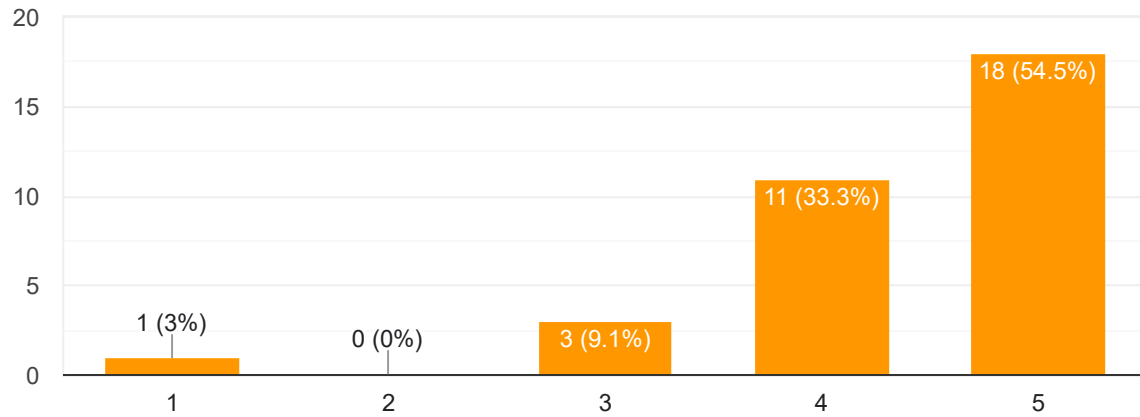

33 responses

I thought the system was easy to use.

 Copy

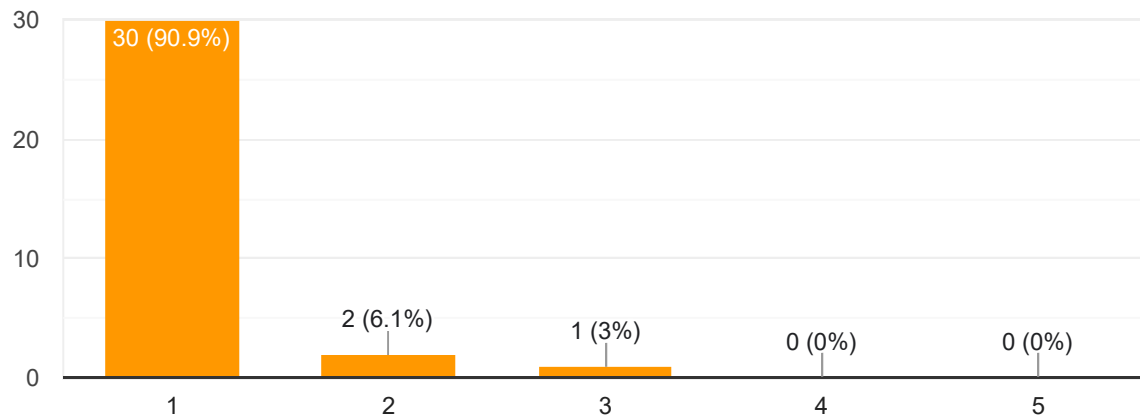

33 responses

I needed to learn a lot of things before I could get going with the system.

 Copy

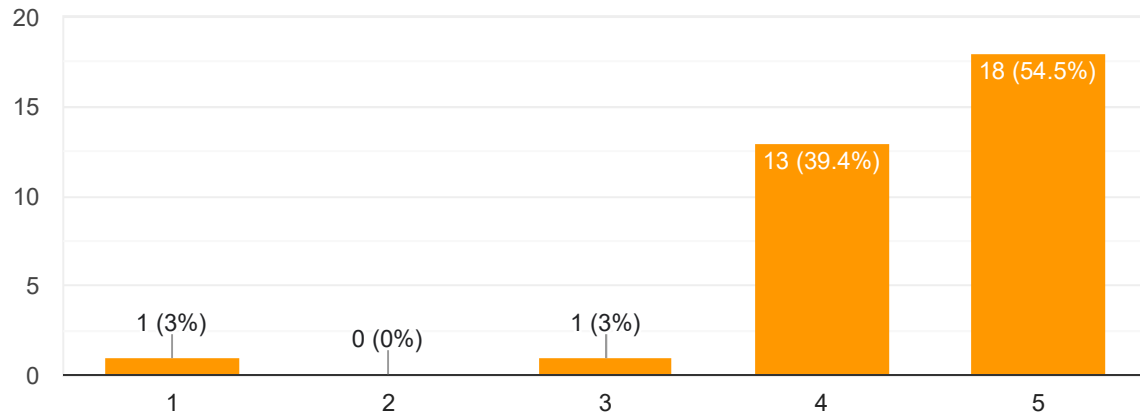

33 responses

The set-up was easy and quick

 Copy

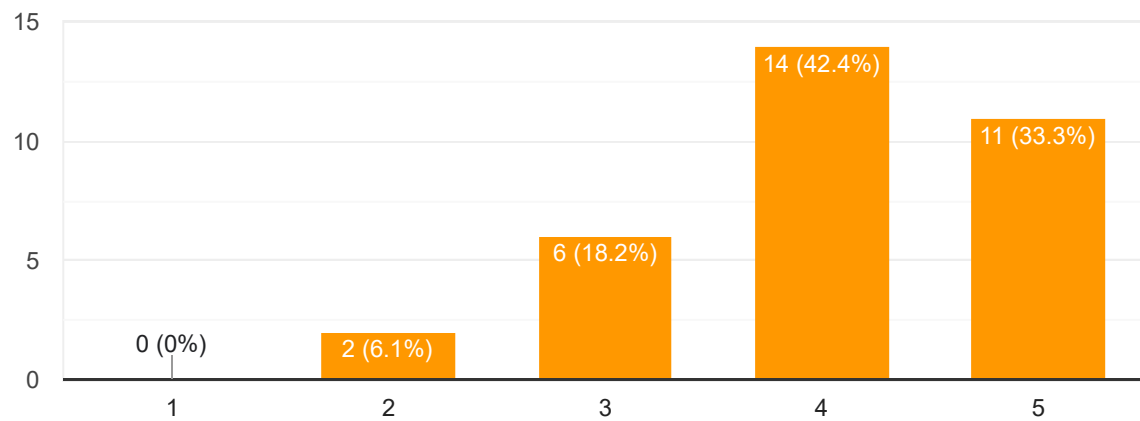

33 responses

I felt confident using the system after the set-up

 Copy

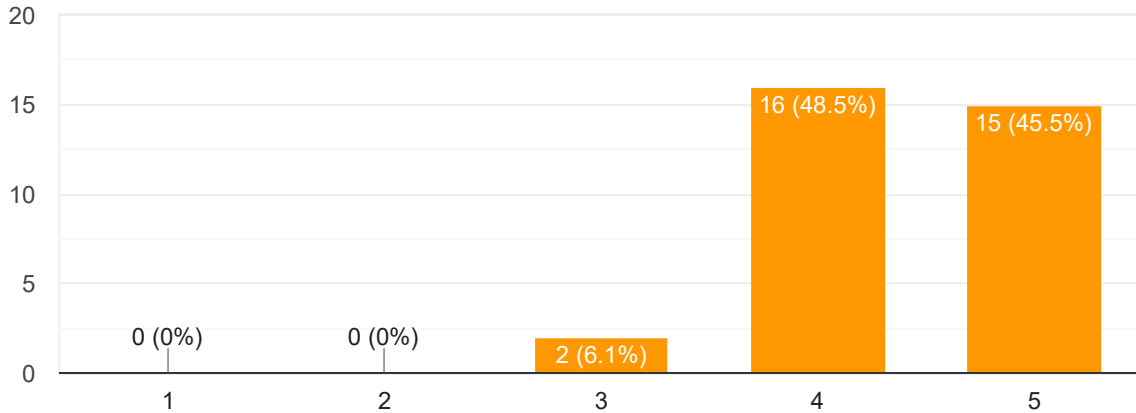

33 responses

I believe most people could learn to use this system very quickly.

Type any comments about usability here.

4 responses

The headset sometimes hit the wall which was disorienting

Based

Very easy to use

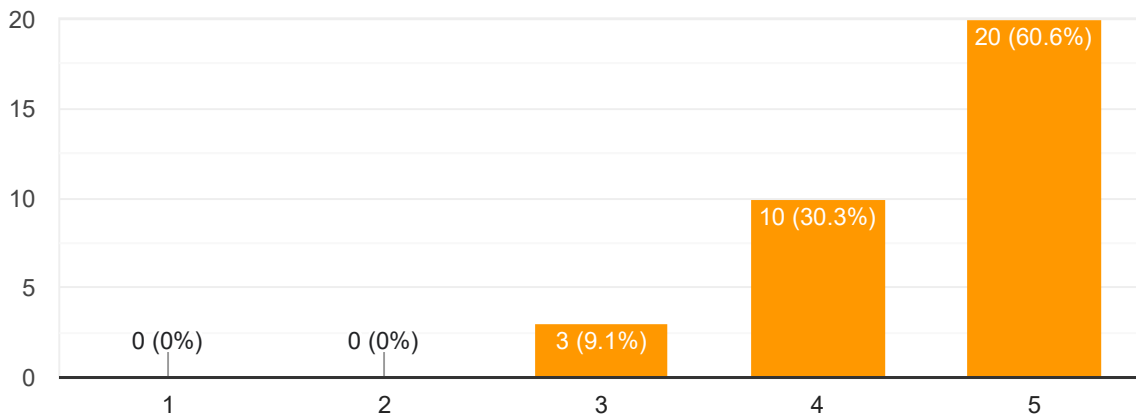

Κάποιες φορές είχε ασυμφωνία στη virtual και την πραγματική θέση των εξογκομάτων.

Interaction & Control

The head-tracking and movement was accurate and realistic

 Copy

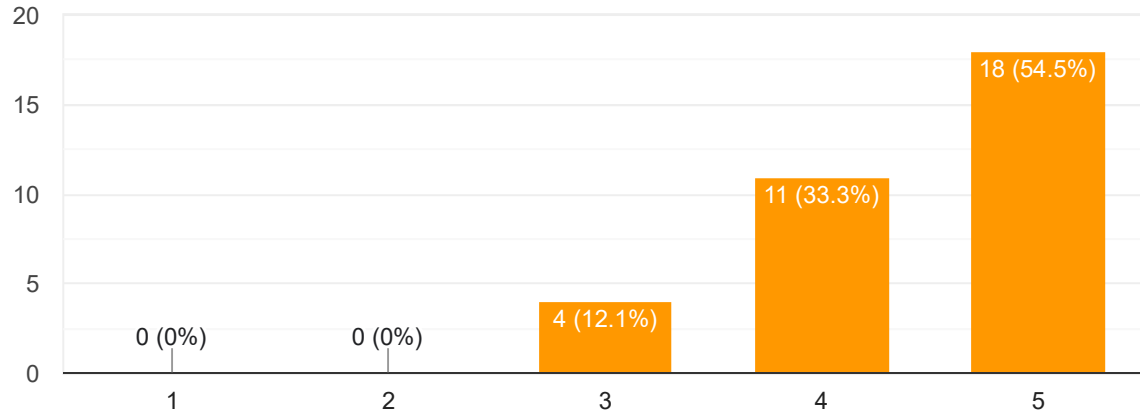

33 responses

The hand- and foot-tracking responded promptly to my movements.

 Copy

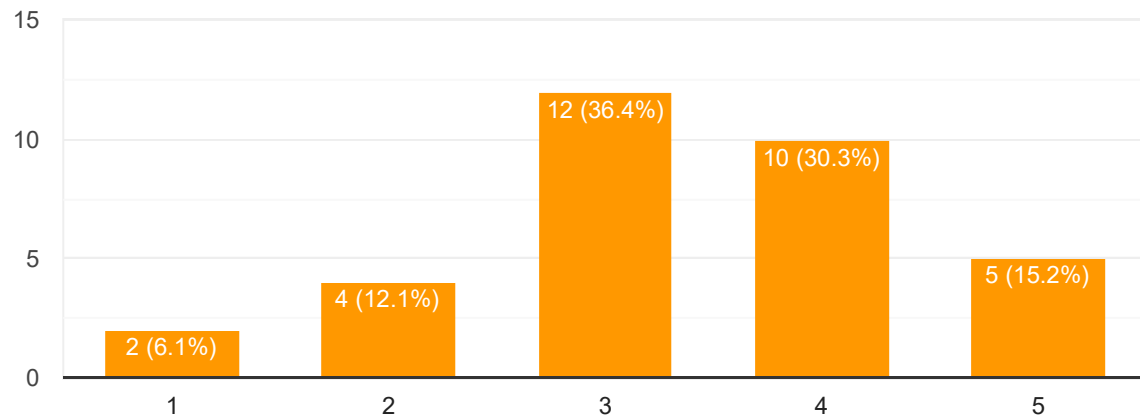

33 responses

It was easy to locate and grasp holds accurately.

 Copy

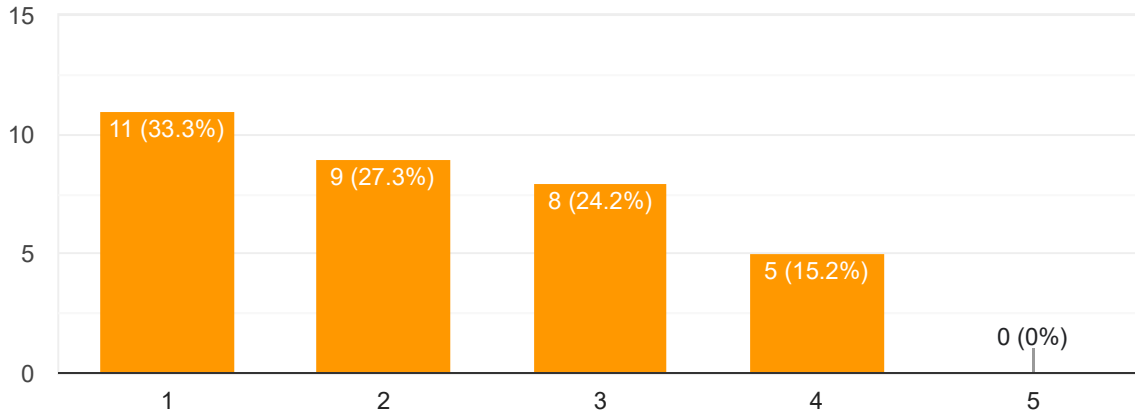

33 responses

I frequently experienced tracking drift or misalignment.

 Copy

33 responses

Type any comments about Interaction here

4 responses

There was slight misalignment in the hands

Cool

Some rock collision is wonky and your hand might clip through the rock

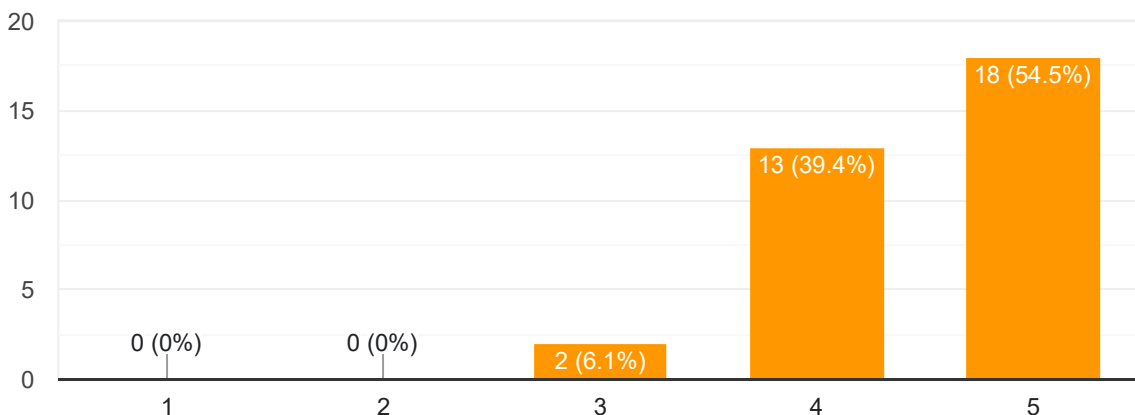

My virtual left foot vanished

Realism & Immersion

The environment looked realistic.

 Copy

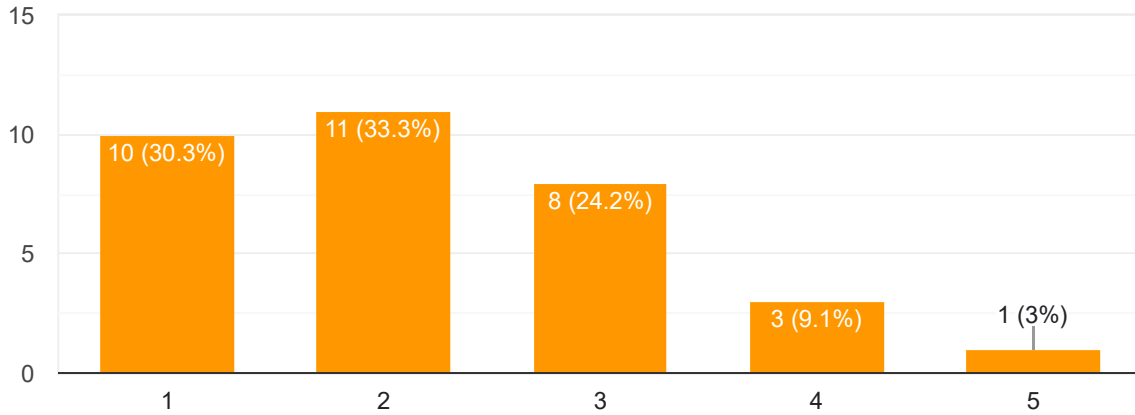

33 responses

Visual artifacts or clipping broke the sense of realism.

 Copy

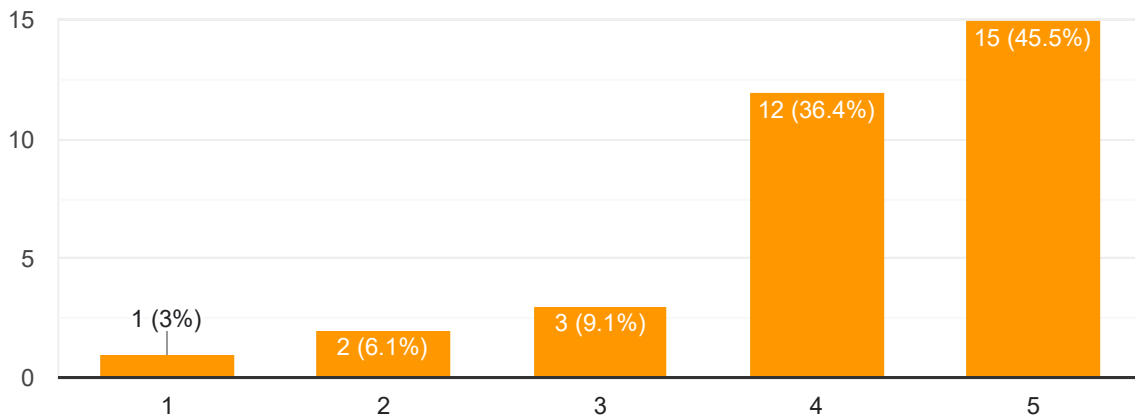

33 responses

The procedurally generated wall matched the existing climbing wall.

 Copy

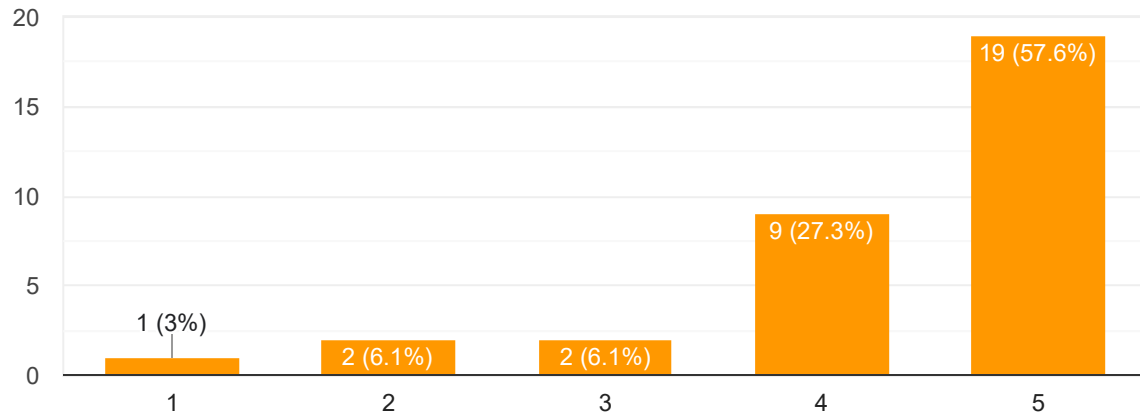

33 responses

The virtual environment matches the room geometry

 Copy

33 responses

Type any comments about immersion here

3 responses

<3

The stars were nice

Moon moved too quickly and was noticeable, which broke immersion a little

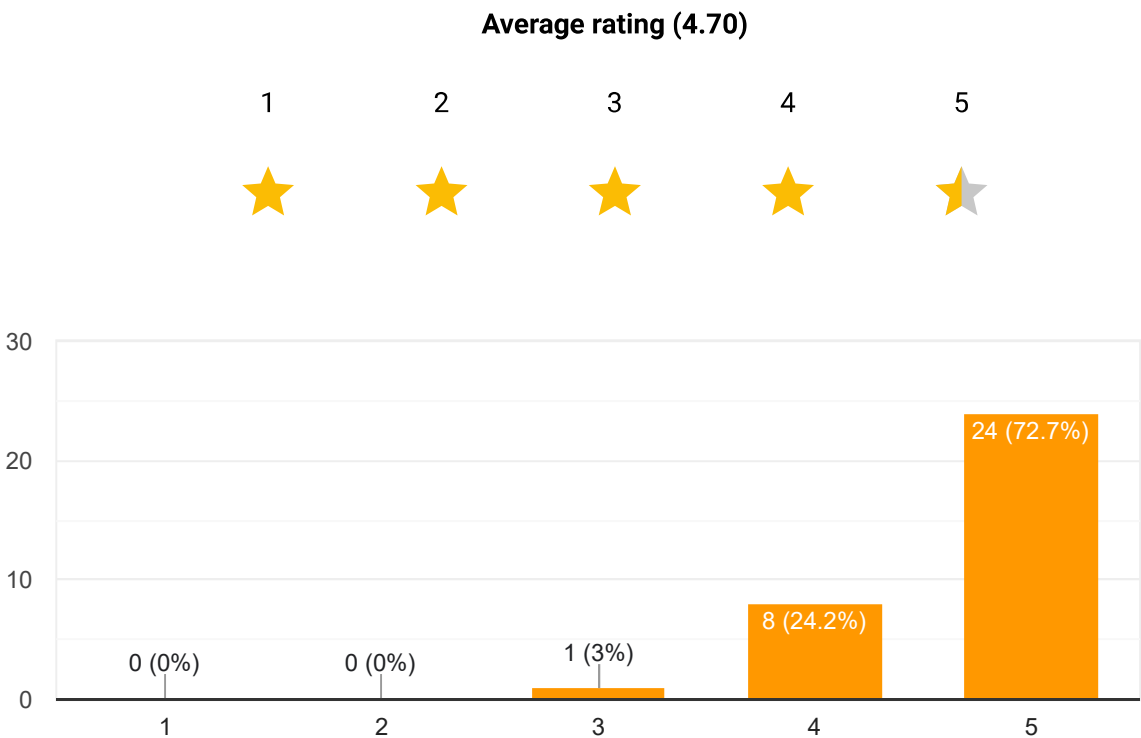

Aesthetics

Average rating (4.39)

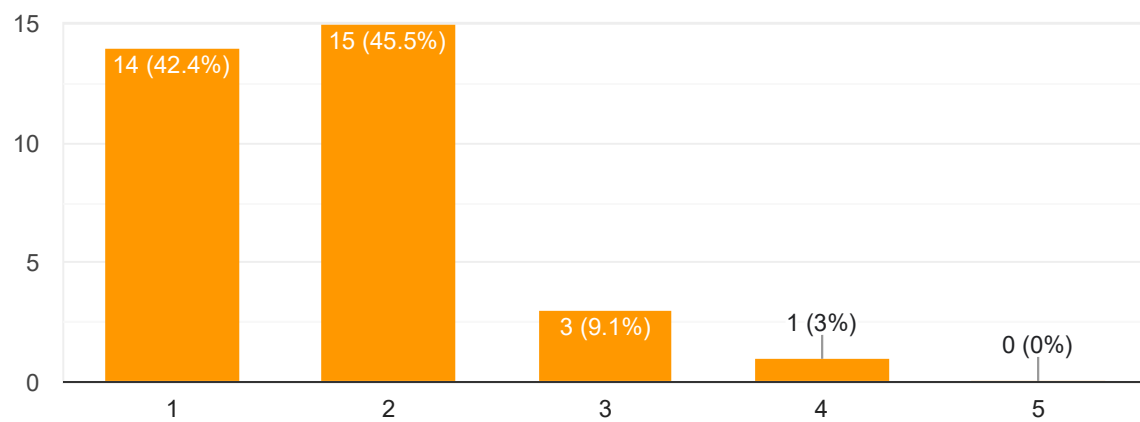

Cognitive & Physical Comfort

I found the experience mentally demanding.

 Copy

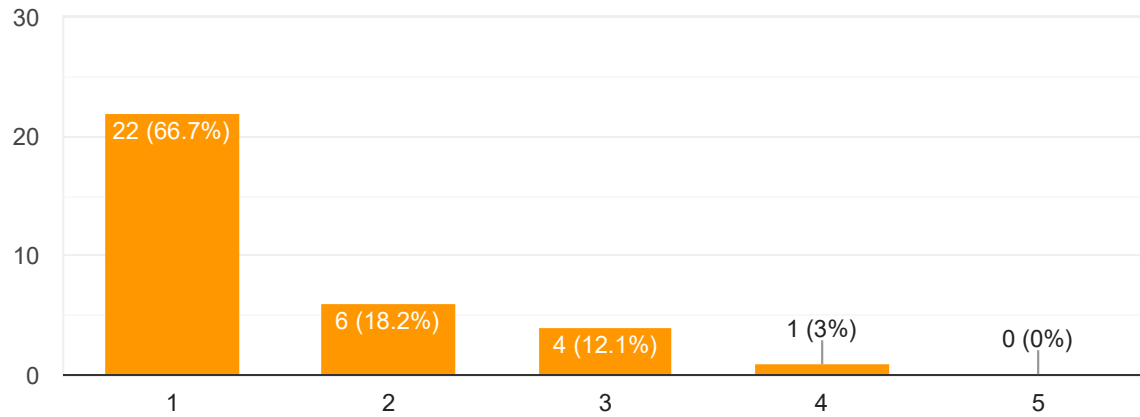

33 responses

I experienced physical discomfort (e.g. motion sickness, fatigue).

 Copy

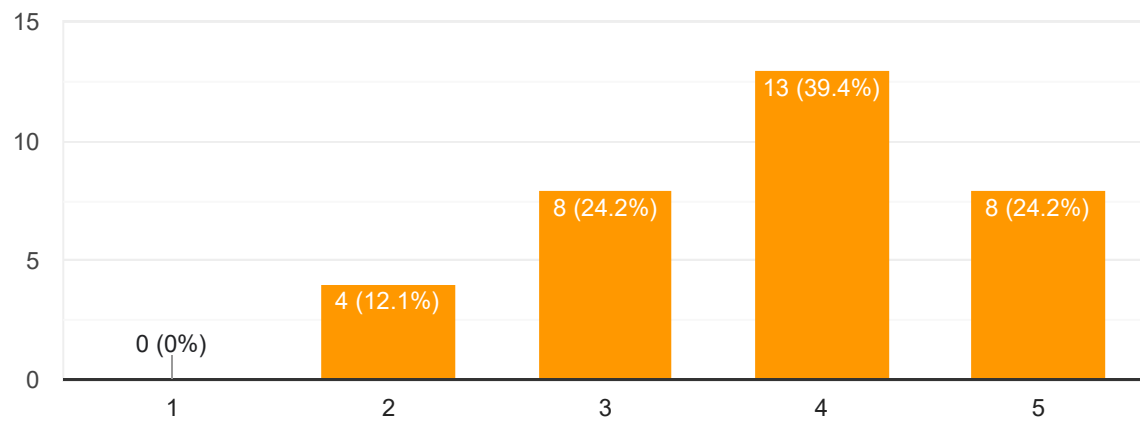

33 responses

I could focus on climbing without worrying about VR hardware.

 Copy

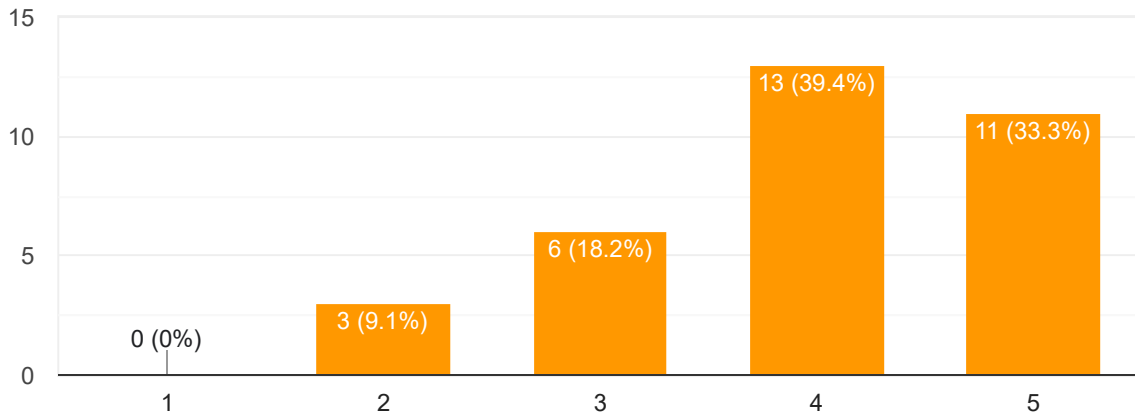

33 responses

I felt safe and stable throughout the trial

 Copy

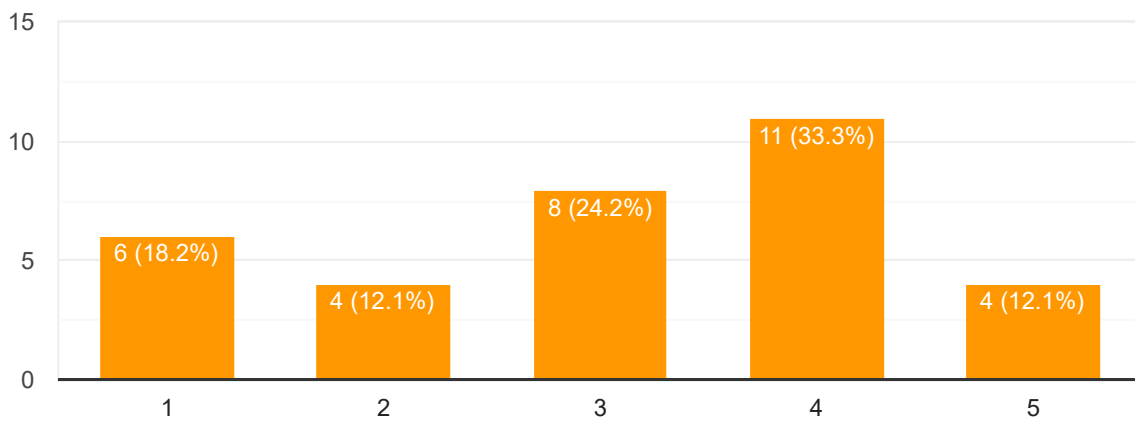

33 responses

I lost track of time while using the application.

 Copy

33 responses

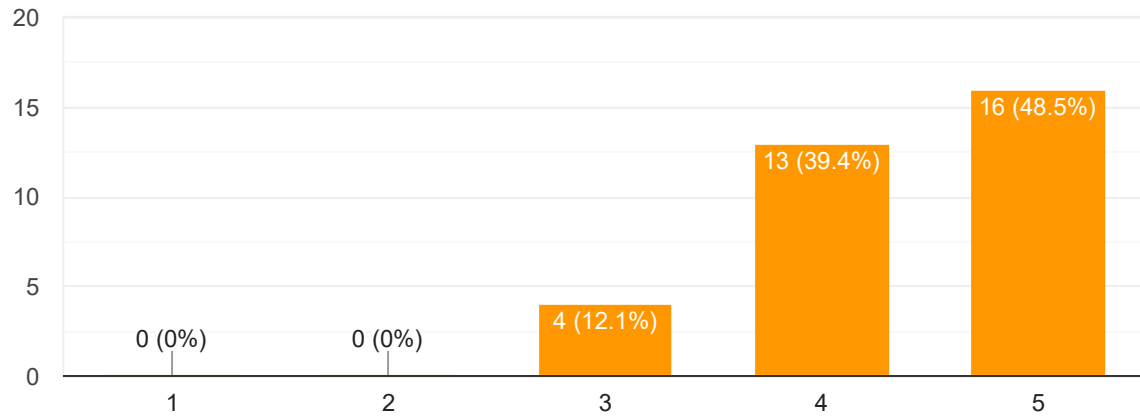

Overall Satisfaction

Overall, I am satisfied with the application.

 Copy

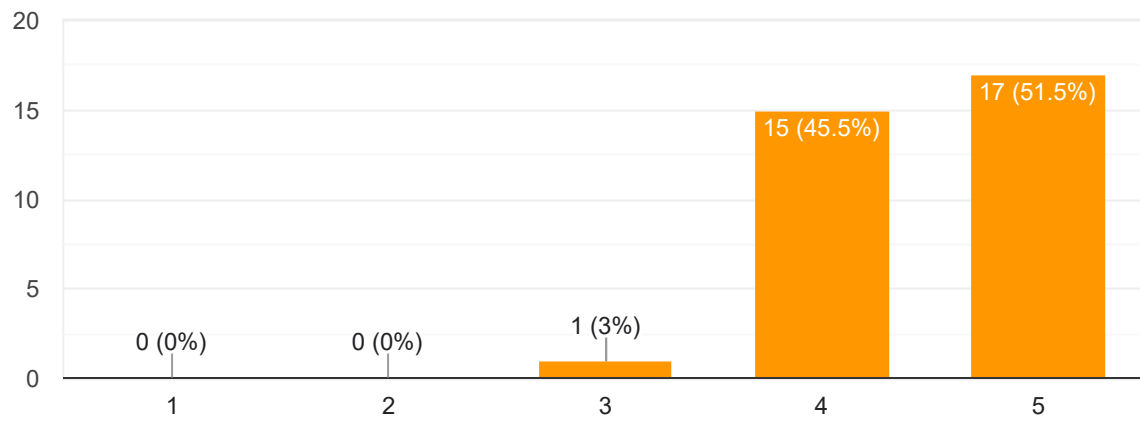

33 responses

I feel the system met my expectations.

 Copy

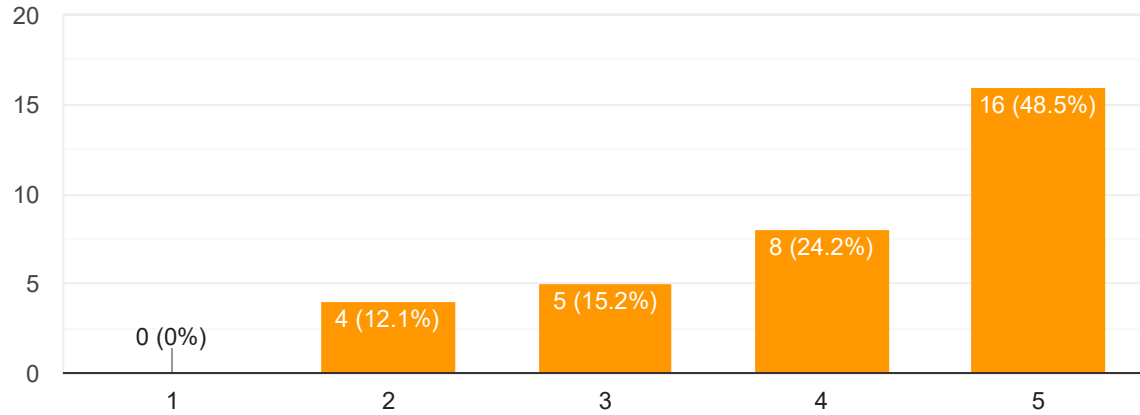

33 responses

I would use this application regularly if it were available.

 Copy

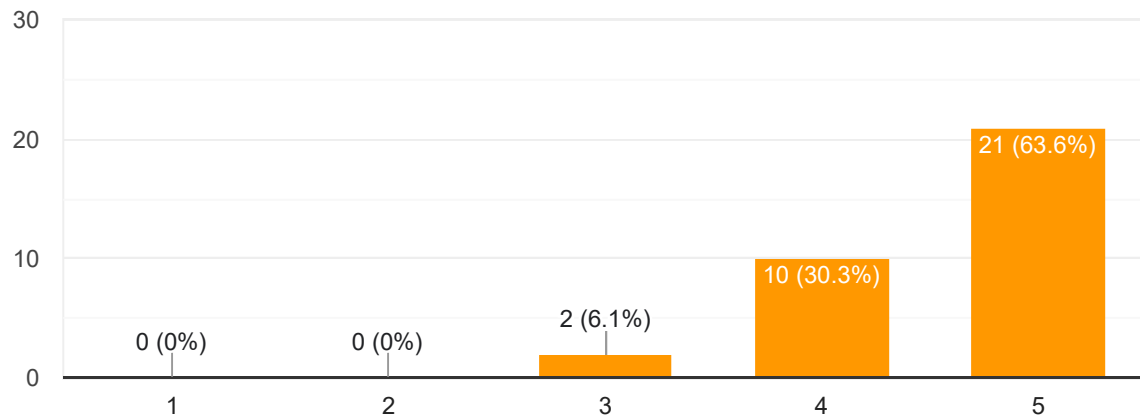

33 responses

I would recommend this VR climbing experience to friends

 Copy

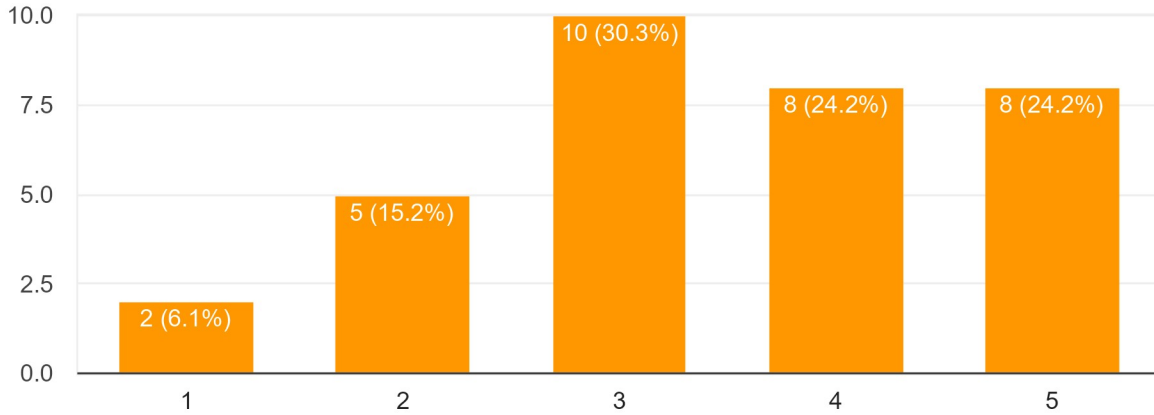

33 responses

Climbing while wearing the VR equipment is better than without it.
